

Stormwater & Erosion Control Toolbox

April 13-15, 2021

Abstract

Please join Team EJP and our network of stormwater professionals in a comprehensive three-day web series, where we will investigate stormwater and erosion control challenges.

EJ Prescott has assembled a strong group of presenters who will discuss innovative and cost-effective solutions for challenging site conditions. Each presentation will be complete with real life examples of product applications, accompanied by a full explanation of the implementation process. Any additional information will be addressed within a brief Q&A session at the end of each webinar.
